

HAPPINESS IS ...

TRUE COLOURS

1986-87

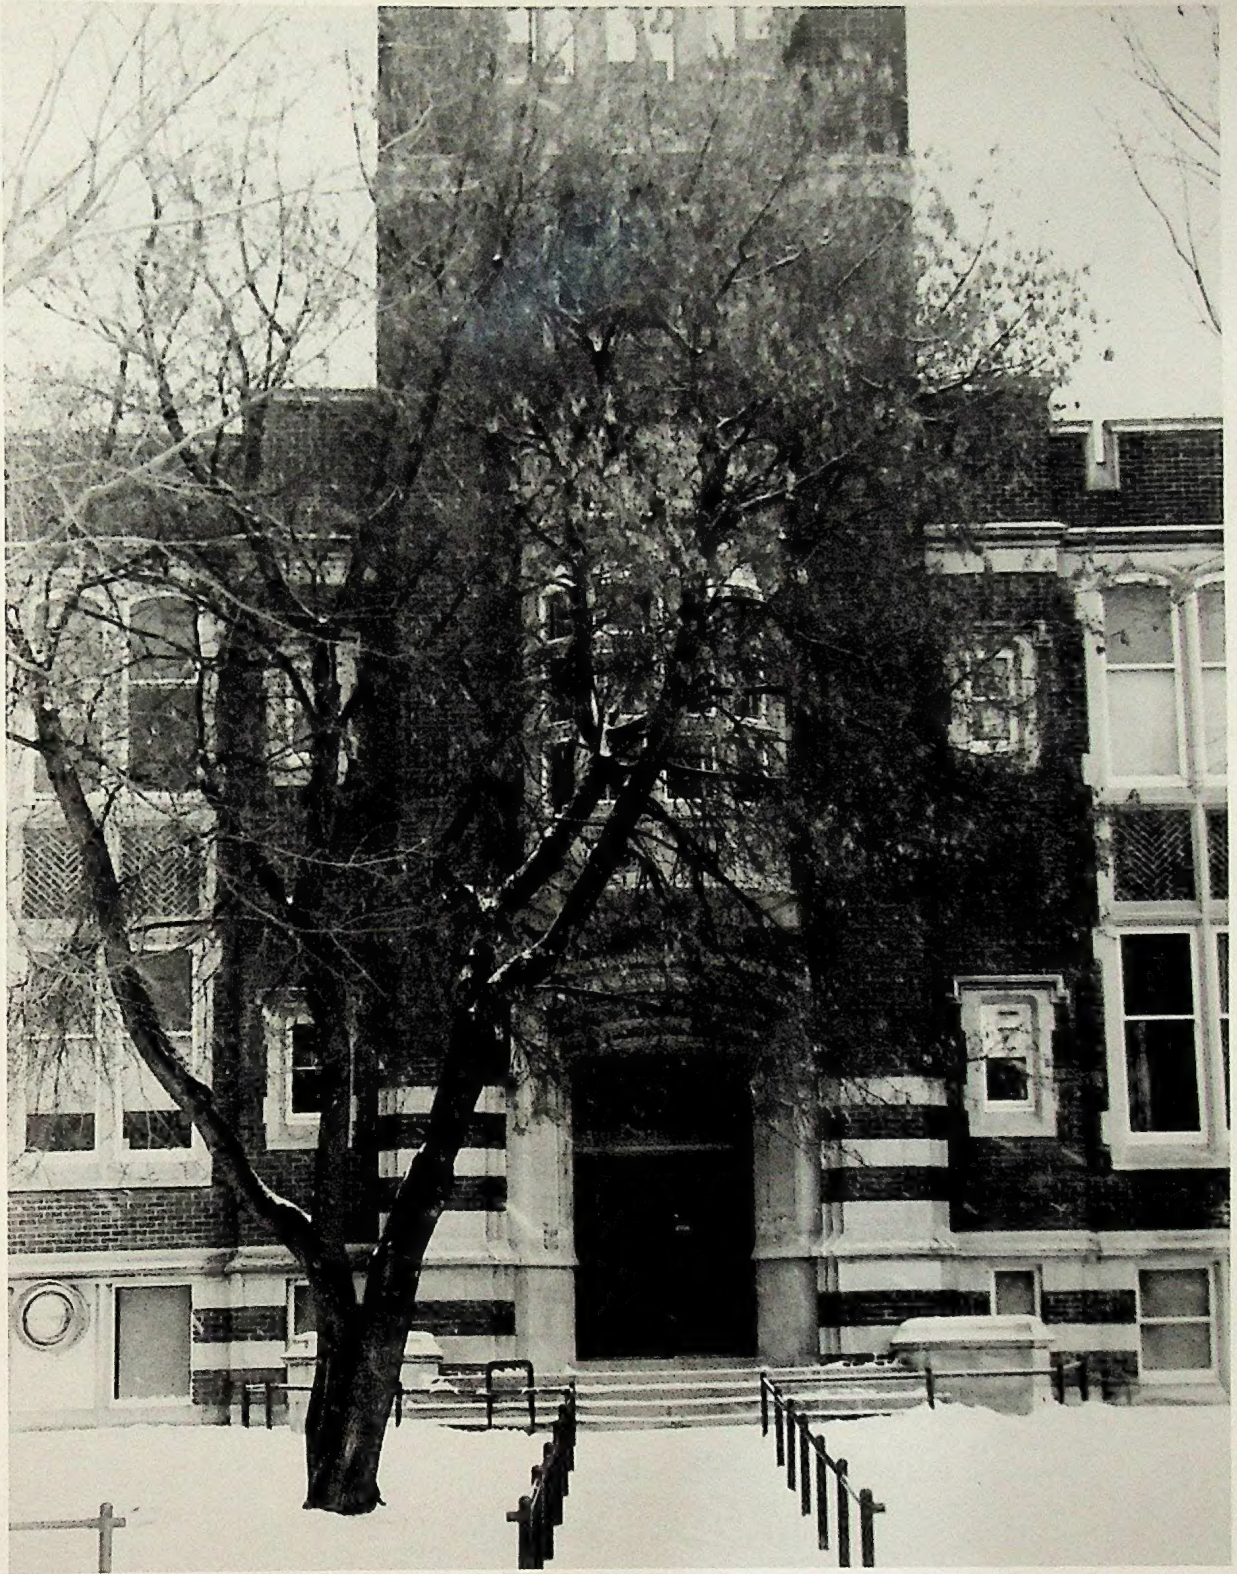

HIGHLANDS JUNIOR HIGH SCHOOL

# Principal's Message

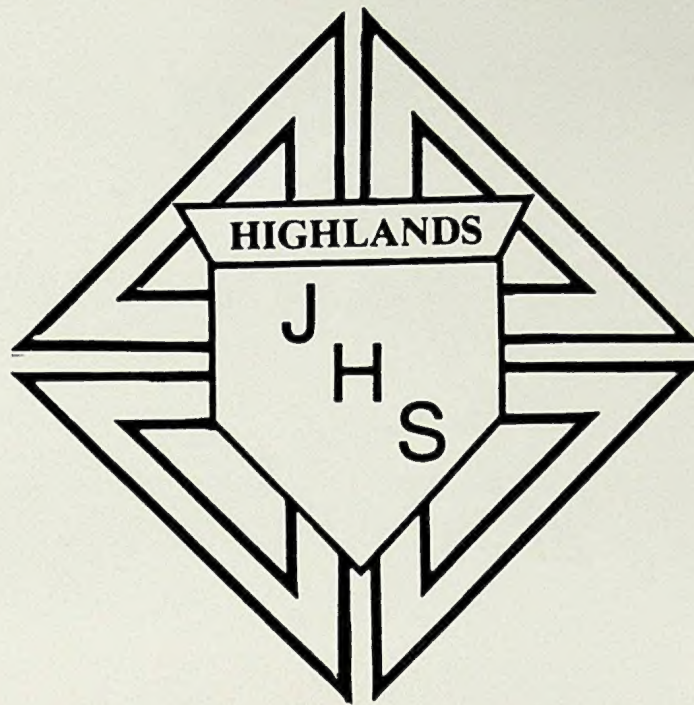

The theme of Happiness and True Colours is very appropriate for the school year 1986-87. This year has abounded in happy events as students, parents and staff all worked together to promote individual growth. The willingness with which students tried to support each other and make Highlands an enjoyable place to learn was indeed rewarding. The staff dedicated their own time along with their expertise to ensure development of each student academically and socially. Without the support, interest and encouragement of the parents we would not be able to implement a program or provide a partnership between home and school. To each and every person who has contributed their time and energy I say, "Congratulations!" for a job well done. For those students who will be leaving us we extend our thanks and best wishes. You have been a part of our True Colour which extends back to 1913. Your contributions and successes have been added to a tradition that is rich and long-standing. We hope to continue preserving and revitalizing the heritage that is Highlands School.

Yes! Happiness is the best way to describe the state of my feelings in being back at Highlands. Life is a joy when you work with fine people like Mr. Jonkman, the ladies in our office, our staff and the students and parents of Highlands.

Thank you all for an enjoyable year.

Pat Dawson

#### ASSISTANT PRINCIPAL'S MESSAGE

I have been very fortunate to have had the opportunity to serve Highlands for six years. This past year has been the best year yet and I would like to thank our students, parents and staff for making this year so satisfying and enjoyable.

Our main purpose at Highlands is to provide our students with the best possible academic program, an opportunity to develop positive interpersonal skills and a healthy self-concept. At the same time, we hope that the extra-curricular activities, intramurals and exciting field trips assisted in making this year a memorable experience.

As we reach the end of the school year, I do so with very mixed emotions. We are always sad to see dear friends leave whether they are staff or students. At the same time we are excited for our departing students for entering into a new phase of their academic development. I welcome this opportunity to wish these students a fond Farewell and the best for them in the future. I hope that in their three years here at Highlands they have gained knowledge and growth worthy of them as future citizens of Canada.

I sincerely hope that we have helped you in this regard. We wish you success and enjoyment in the years to come.

Peter Jonkman

## President

I would like to take this opportunity to thank the administrators, the teaching staff and the secretaries for their devoted time and effort. I would also like to thank the student's council and especially the vice-presidents and advisors for their hard work in organizing dances and other special activities. I really enjoyed working with them.

I think the school has a lot of spirit and no matter what the occasion is, we always seem to have a lot of fun. Without the students' spirit, this school wouldn't be the great school it is.

Good luck to you all,

Heidi Klann
